

Class Diagram — University Academic Analytics System

Software Engineering Course • SEEU • 2025/2026

FIXES APPLIED:

- PerformaceSnapshot → PerformanceSnapshot (class name + all references)
- getPerformaceHistory() → getPerformanceHistory()
- semster → semester (6 occurrences)
- pasedCourses → passedCourses
- faildCourses → failedCourses
- compareWithPreviousSemster() → compareWithPreviousSemester()
- status: string → status: String (Student)
- Added missing Student fields: absences: int, totalClasses: int, prevGpa: double
- Added missing PerformanceSnapshot field: riskLevel: String
- Added «service» stereotype to Analytics
